Near a Shutout.

It looked much like a shutout until the ninth inning. Then Perris picked out a large, slow one and dropped it airfly back of second for a single. Baxter followed him with a one-sack drive to right and Martinke finished the business with a fly to deep middle. Except Ferris, only one Spokane man ever reached third. That other was Raymond, who got there in the fourth, when one of Jocko's expectoration balls slipped and rambled back to the netting. The Indians never got better than a single off Thomas and never got two in an inning, except in the finith. He pitched a great game of ball and did quite a bit of his own supporting, beginning with the first ball pitched, which Raymond syacked right into his mit with a "Phutt" that might have been heard half a mile away. Thomas played a good bit of infielding himself. Six assists, two of them circus stope, were his portion. Relly and Delmas also picked out a hair-raiser each, Del's being a fancy stop over the second bag and Reilly's a quick stop and recover on one hit just inside third.

Swain, the big middle fielder for Spokane, blundered around like a load of hay, but he was doing the business all the time and took care of his acreage in great shape. He had one hard running catch and Max Muller, who plays Damon to Mr. Setley's Pythias, had another.

Durham went out to run for the lame first baseman and got to second when Stanley lct one get part way through him. Reilly ripp off his second double of the day, scoring the run.

Students of the Latter-day Saints' uniersity now know the physical as well as the intellectual qualifications of the faculty, but are generally of the opinion that the latter predominate, for yesterday the professors permitted the juniors to beat them in a match base ball game to the tune of 13 to 12. Only seven innings were played on account of the high wind, but the game showed that both sines were well matched. The lineup follows:

OLD PEOPLE Their Pains and Ailments

Any taint of the blood quickly shows itself with old people, and troubles, which a younger, more vigorous constitution holds in check, take possession of those of advanced years. A mole, wart or pimple often begins to vanced years. A mole, wart or pimple often begins to inflame and fester, terminating in a sore that refuses to heal. Wandering pains of a rheumatic character are almost constant, the joints get stiff and the mus-

The natural activity of the body is not so great in old age and all the organs get dull and sluggish, failing to carry out the waste matters and poisons accumulating in the system and they are taken up and abso, bed by the blood, rendering it weak.
